WHAT IS THE DEAN'S CIRCLE?

The Dean's Circle is the College of Engineering's signature annual fund. Gifts to the Dean's Circle support scholarships and fellowships that help the College attract top students from across North Carolina and the US. When you support the College through Dean's Circle giving, you provide vital funds that allow the College to offer incentive packages to encourage the brightest minds to attend NC State. These scholarship and fellowship packages are critical for the College to compete with other top engineering schools for the best students.

Your annual gift to the Dean's Circle has never been more important. As the College continues to build its scholarship, fellowship and programmatic endowments, annual giving through the Dean's Circle augments this portfolio of undergraduate and graduate student support. We invite you to join this important effort to educate the future engineering workforce and the leaders of tomorrow.

DONOR RECOGNITION

We understand that donors give to support something they believe in, and that recognition is not the primary goal. Still, recognizing Dean's Circle members can spur broader participation in the giving program. The College of Engineering shows its gratitude to members by recognizing them annually on the NC State Engineering website, inviting them to the annual Leadership Dinner and organizing other special events.
