

Meeting Announcement

Please plan to join local government and business fleet managers, fuel and technology providers, environmental groups, non-profit organizations, and concerned individuals for a working group meeting to address mobile emission reduction efforts through the use of alternative fuel and advanced transportation technologies in the Upper Coastal Plain and Kerr-Tar region. In order to support regional economic development opportunities, diversify fuel supplies and create a healthier environment, transportation solutions must be addressed at a local and regional level. Organized by the NC Solar Center at NC State University and hosted by Upper Coastal Plain Council of Government (UCP COG), this partnership will provide a forum to share ideas, develop a plan, network, and investigate issues and opportunities for: Edgecombe, Nash, Halifax, Northampton, Wilson, and Pitt Counties and their neighbors: Franklin, Granville, Person, Vance, and Warren Counties to expand clean transportation technologies. Join us for an upcoming meeting....

Thursday, November 5, 2009 from 10:00 to 12:00 noon at the auditorium
of **Edgecombe County Administration Building**
201 St Andrews St. (Granville & St Andrews)
Tarboro, NC

Outline of our meeting:

Joe O'Neill of the NC Solar Center will give an update on the State Petroleum Displacement Plan Report and on the recent opening of Big Boy's Truck Stop Electrification project in Kenly.

Dave Navey of Charlotte Truck Center will present information on Heavy Duty Green Truck choices

Todd Eaton of Altech-Eco will provide the latest choices of CNG Ford vehicles from his company

Please RSVP to joseph_oneill@ncsu.edu by Wed. 11-4-09
