**ALTERNATIVE ENERGY COMPANY
ALTECH-ECO OBTAINS 2008 MODEL YEAR CNG LIGHT DUTY CERTIFICATION
EPA CERTIFIED**

Altech-Eco Corporation of Asheville, North Carolina announced today that they have obtained an EPA Certificate of Conformity for their bi-fuel compressed natural gas (CNG) model year 2008 Ford Focus with 2.0 liter engine. Altech-Eco is dedicated to the development and growth of alternative fuels for transportation and is committed to promoting a cleaner and healthier environment. "With more than 8 million natural gas vehicles (NGV's) worldwide on the road today Altech-Eco is proud to be a part of the industry growth and is committed to support the NGV industry in every aspect and issue requiring action necessary for reaching this target," said Altech-Eco President, Alexander Kovalchuk. Bob Roberts, Chairman of the Asheville-Buncombe Economic Development Coalition, stated that, "The need for the development of clean energy technologies is in high demand globally. We are grateful to Altech-Eco for being a part of the clean energy solution and are glad that Asheville is playing a part in this emerging industry movement."

By using Altech-Eco's EPA approved cng alternative fuel conversion system, citizens in the United States will have the option not only to help the environment but also significantly reduce dependency on foreign oil and their suppliers. If you are interested in Altech-Eco's conversion system visit our website at www.altecheco.com.

This EPA approved CNG Ford Focus runs on cng or gasoline and comes with a manufacturer rated cng cylinder of 9.1 gge's, with a driving range of 218 - 318 miles with an average 35 mpg on highway and 24 in the city (results may vary). The Ford Focus with CNG option is now available at participating Ford dealerships and approved aftermarket conversion facilities. Ford Motor Credit has approved the financing for the incremental cost of cng conversion on vehicle. Any Ford dealership interested in becoming an approved CNG converter please call 828-654-8300 or visit our website at www.altecheco.com.
