Burke Engineering Camp is once again offering summer camps for elementary and middle school aged students. Campers will spend an exciting week exploring different engineering disciplines through hands-on activities. Campers will be creating, testing and improving their own designs to solve challenges using the engineering design process. Students will also build and program Lego EV3 robots.

Each camp is limited to 48 students so early registration is encouraged. The cost of the camp is $225. The tuition includes lunch daily and a camp t-shirt. A limited number of scholarships are available.

The deadline for applications is April 30th.

Applications are available online at [http://goo.gl/forms/Zao85MejiC](http://goo.gl/forms/Zao85MejiC) or on our Facebook page at [www.Facebook.com/BurkeEngineeringCamp](http://www.Facebook.com/BurkeEngineeringCamp) For additional information please email the camp coordinator at ChristieM77@gmail.com

The Elementary Camp (for rising 3rd -5th graders) is June 13th-19th and will be held at Western Piedmont Community College.

The Middle School Camp (for rising 6th-8th graders) is June 20th-27th and will be held at the Foothills Higher Education Center.

Burke Engineering Camp is an outreach partner with NC State University’s [The Engineering Place](http://www.thengineeringplace.org)
