Learning Experience for Teachers (LET): Engineering Summer Day Camps

We are very pleased to offer the following summer opportunity for ALL elementary, middle and high school teachers. As an LET participant, you will be learning and leading activities focused on introducing children to engineering concepts. It is a fun, collaborative environment where teacher participants apply what they learn about engineering in a sustained informal-educational setting. Teachers will assist the program by offering feedback and ideas while supervising approximately 12 (elementary or middle school) or 24 (high school) students, providing mentoring, team facilitation and behavior management, while collaborating with other team leads, undergrad counselors and high school assistant counselors.

The engineering education skills learned and practiced will be a tremendous asset in the future for engaging students in more traditional classroom settings and for developing various STEM-integrated academic lesson plans. Applicants should be interested in learning how to use engineering problem-solving methodology to facilitate academic connections in their classrooms. They should be highly motivated and enthusiastic individuals, interested in hands-on activities, and able to work well with peers and children.

Stipend Rates are $130/day for time spent in the camps and in training. Daily camp hours run approximately 8:00am until 4:30pm. Additional time may be required before and after the daily camp session. Lunches are provided during the camps and training sessions. We are not limiting teachers to selecting camps based solely on the grade levels that they currently teach.

Camp Participation Options:

1. High School Camps (rising 9th/10th): June 11 – June 15 and June 18 – 22, 2018
2. Middle School Camps (rising 6th – 8th): June 25 – 29 and July 9 – 13, 2018
4. Elementary Camp (rising K-2nd): July 30 – August 3, 2018

Mandatory Training Dates (@ NC State Campus):

- Teacher Training: Friday, May 4th (11am – 5pm) and Saturday, May 5th (9am – 5pm)
- All Staff Camp Training/Prep: Saturday, May 19, 2018 (9am – 5pm)

To apply, email coe-theengineeringplace@ncsu.edu with the following enclosures, using the email heading “Teacher Team Lead Application for (First Name and Last Name)”:

1. Current resume
2. Letter of interest clearly stating which participation options that you are interested in participating
3. List of three references
