

February 22, 2019

Dear Admitted College of Engineering Student:

Hello from NC State Engineering—we are excited about the possibility of you joining our Wolfpack Family! On behalf of the NC State University Women and Minority Engineering Program (WMEP), I am pleased to extend a formal invitation for you to **apply** to participate in our **Summer Transition Program (STP)** offered in partnership with **Summer Start**.

**What is Summer Start and STP?**

**Summer Start** is a unique opportunity for you to jump start your NC State undergraduate experience by taking Summer Session II classes before your fall semester in August. **STP** is designed to help you learn more about the rigors of completing an engineering or computer science degree while showcasing the support offered via the Minority Engineering Program (MEP). STP offers student success workshops, tutorial support for math and chemistry, social activities, corporate field trips and more. The program dates for Summer Start are June 19 – July 31, 2019.

**What is the cost for Participation in STP?**

Because STP is a partnership with Summer Start, there are no additional fees to participate in STP. However, there are costs associated with participation in Summer Start. Details can be found here: <https://newstudents.dasa.ncsu.edu/summerstart/expenses/>. Specific questions about costs should be directed to Summer Start program staff and Scholarships & Financial Aid.

**How do I apply for STP?**

You may apply for both here: <https://golinks.ncsu.edu/stp2019>. Students interested in learning more about STP, may visit our website at <http://www.engr.ncsu.edu/mep/programs.php> for more details. The deadline to apply for STP is **Tuesday, May 2, 2019**.

If you have any questions concerning participating in STP, feel free to contact me via email at [aldaniel@ncsu.edu](mailto:aldaniel@ncsu.edu). I can also be reached by phone at 919.515.3263.

Sincerely,

Angelitha L. Daniel  
Director, Minority Engineering Programs
