EARN YOUR DEGREE ONLINE

College of Engineering courses are made available to distance education students via Engineering Online. Class lectures presented to an on-campus class by NC State faculty members are captured, digitized and placed on the Internet for distance students to view at any time and from any location. No on-campus attendance required on-campus attendance required Individuals have up to six years to complete their degrees.

For more information on Engineering Online go to **engineeringonline**. **ncsu.edu**. For graduate admissions go to **ncsu.edu/grad/admissions**.
